PROFESSIONAL SUMMARY

Results-driven Information Technology graduate specializing in Web Development, with hands-on corporate experience in full-stack development, business intelligence dashboard engineering, and Agile project management. Proven ability to build production-grade dashboards with custom UI/UX, design end-to-end data pipelines, author enterprise technical documentation, and facilitate stakeholder training. Experienced in AI API integration, modern React ecosystems, cross-platform mobile development, and quality validation workflows with a demonstrated ability to identify issues, escalate risks, and ensure delivery accuracy in fast-paced environments. DOST Merit Scholar and consistent Dean's Lister with a strong foundation in system architecture, creative design, and cross-functional collaboration.

KEY SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, Python, Java, C#, C++, Dart, PHP, Object-Oriented Programming (OOP)
- **Frontend:** React 19.x, React Router DOM, Vite, HTML5, CSS3, Tailwind CSS 4.x, ASP.NET MVC, Responsive Design, Custom CSS Engineering
- **Backend & APIs:** Node.js, Express.js, ASP.NET, REST APIs, Socket.IO, Firebase Firestore
- **Databases:** MongoDB (NoSQL), MySQL, SQL Server, Relational Database Design
- **State & Data:** Zustand, Recharts, XLSX Export, html2pdf.js, Google Generative AI API
- **BI & Data Viz:** Apache Superset, Microsoft Excel, Data Pipeline Design
- **Dev Tools:** Git, GitHub, Visual Studio, VS Code, Apache NetBeans, Android Studio, gh-pages, MS Planner, Power Automate
- **Design & UX:** Figma, Adobe Photoshop, Adobe Illustrator, Canva, Draw.io, Wireframing, Hi-Fi Prototyping
- **Methodology:** Agile / Scrum, MS Planner, Sprint Planning, Technical Documentation, Modular/Single-Responsibility Function Design, MVC Architecture
- **Soft Skills:** Stakeholder Communication, Cross-Functional Collaboration, Team Leadership, Analytical Problem-Solving, Attention to Detail, Adaptability, Creative Direction, Project Management

PROFESSIONAL EXPERIENCE

Treasury Automation Intern

SM Investments Corporation

Jan 2026 – Apr 2026

- **BI Engineering & Automation:** Spearheaded the end-to-end development of enterprise-level Pricing & Market Dashboards on Apache Superset, automating manual Excel workflows and reducing reporting preparation time by 40% for the Treasury department.
- **UI/UX & Frontend Optimization:** Authored a comprehensive custom CSS framework to overhaul dashboard layouts and responsive typography, resulting in a 100% adoption rate among internal stakeholders and establishing new enterprise design standards.
- **Quality Assurance & Agile Delivery:** Executed iterative development across 4-week Scrum sprints with real-time data validation checkpoints, ensuring dashboard accuracy before each deployment. Produced full-scale Technical SOPs and facilitated structured project turnover, maintaining zero data integrity issues across all production releases.
- **Defect Identification & Stakeholder Reporting:** Conducted systematic testing of dashboard features and data pipeline outputs, identifying and resolving discrepancies between expected and actual data behavior. Communicated findings directly to stakeholders through structured progress updates and documented resolution steps.

PROJECTS

SCO – Service and Creative Optimization for Requests & Engagement System

2024 – 2026

Capstone Project • Node.js, Express.js, MongoDB, Socket.IO, JavaScript, TypeScript, Vite

- **Full-Stack System Architecture:** Designed and developed a secure, role-based task management system using Node.js, Express.js, and MongoDB, featuring automated service request routing, file handling capabilities, and RBAC enforcement.
- **Real-Time Operational Efficiency:** Integrated Socket.IO for instant status updates and automated Excel/PDF report generation, significantly streamlining administrative workflows and improving organizational transparency.

- **System Validation & RBAC Testing:** Conducted end-to-end functional testing of role-based access control logic and service request routing — verifying that each user persona (Admin, Requester, Processor) received only their authorized views and actions, with zero privilege escalation issues at deployment.

CareSync – Mobile Care Management Application

Oct – Dec 2025

Flutter, Firebase Authentication, Cloud Firestore

- **Cross-Role Mobile App Development:** Built a role-based mobile application using Flutter and Firebase, implementing secure authentication and real-time data routing between elder and caregiver user interfaces.
- **Dynamic State Management:** Implemented StreamBuilder and FutureBuilder patterns for seamless, role-driven navigation — enhancing care coordination and delivering a personalized user experience.

EDUCATION

De La Salle University – Dasmariñas

2022 – 2026

Bachelor of Science in Information Technology | Web Development Specialization

- **GPA:** 3.84 | Scholarship: DOST Merit Scholar
- **Honors:** Consistent Dean's Lister — 1st Honor's List, AY 2022–2025 (All Semesters)

De La Salle University – Dasmariñas, Senior High School

2020 – 2022

STEM Strand | Grade: 97 | Highest Honors (AY 2021–22) | Best Research Presenter

EXTRACURRICULAR ACTIVITIES

College of Information and Computer Studies Student Government (CICS SG)

2022 – 2026

Creatives Committee Member • De La Salle University – Dasmariñas

- **Digital Design & Branding:** Produced high-impact publication materials, event posters, and digital assets using Adobe Photoshop, Figma, Adobe Illustrator, and Canva — directly increasing student engagement and organizational reach.
- **Event Creative Lead:** Directed all promotional and visual production for a major online esports' tournament, overseeing brand consistency and delivering all marketing assets on schedule.

DLSU-D Council of Student Organizations

February – July 2025

Executive Committee Member • Awarded Executive Committee of the Month: March & April 2025

- **Central Governance Support:** Produced essential publication materials and digital assets to support the council's mandate of overseeing all accredited student organizations, ensuring consistent and professional communications across the university.

DLSU-D PAWS (Animal Welfare Society)

2023 – 2024

Creatives Committee Member

- **Advocacy Campaign Design:** Translated complex advocacy messaging into accessible digital art and campaign materials, significantly increasing the organization's social media reach and driving student participation in animal care programs.

CERTIFICATIONS

- **CSS Essentials** – Cisco Networking Academy | June 2026
- **HTML Essentials** – Cisco Networking Academy | June 2026
- **Engaging Stakeholders for Success** – Cisco Networking Academy | June 2026
- **Create Digital Content, Communicate and Collaborate Online** – Cisco Networking Academy | June 2026
- **IT Specialist: Databases** – Certiport, A Pearson VUE Business | May 2024
- **Programming Essentials in Python** – Cisco Networking Academy | December 2023
- **Cisco Cybersecurity Essentials** – Cisco Networking Academy | December 2021

CORE COMPETENCIES

Full-Stack Web Development • React & TypeScript • Tailwind CSS • Vite • REST API Development • Google Generative AI API • Apache Superset & BI Dashboards • Data Pipeline Design • Node.js & Express.js • MongoDB & MySQL • State Management (Zustand) • Data Visualization (Recharts) • Excel & PDF Export • Flutter & Firebase • Git & GitHub • Agile / Scrum • Technical Documentation & SOPs • Stakeholder Training • UI/UX Design • Adobe Creative Suite • Cross-Functional Collaboration • ASP.NET MVC • Relational Database Design • SQL Server • Android Development • Java Development
